The screenshot displays the Juno Markets Real Time Forex Signals interface for the EUR/USD pair. At the top, there are navigation tabs for various currency pairs: EUR/USD (BULLISH), XAU/USD (BULLISH), EUR/USD (BULLISH), GBP/USD (BEARISH), USD/JPY (BEARISH), and XAU/USD (-653 TARGET). The main section shows the EUR/USD pair with a price of 1.19404 and a time of 07:32:47 GMT. A red box labeled '1' highlights the text: "EUR/USD forms 'Engulfing Line (Bullish)' pattern". Below this, a candlestick chart is shown with a red box labeled '2' highlighting a pop-up window titled "WHAT WAS FOUND". The pop-up window contains the following text:

**WHAT WAS FOUND**

15 Minute | Candlestick Patterns | Overbought / Oversold  
Stochastics | Up to 12 hours | EUR/USD

➤ We found a pattern called Engulfing Line (Bullish) on 2018 Jan 10 at 05:30 GMT on a 15 minute chart suggesting the outlook is bullish for up to 12 hours.

➤ A bullish event triggered for Fast Stochastics on 2018 Jan 10 at 07:15 GMT when the %K line crossed above the %D line. The close prices are trading closer to the upper end of the recent high-low price range, which is associated with price increases.

1. Hover over any pattern name to learn more how the pattern developed and what it means for its signals as a trade idea.
2. Check out "What Was Found" for a breakdown of all the Technical Events that have occurred on that currency pair.

# Watch An Idea

Save your trade ideas to see how they perform over time.

1. "Watch" an idea by clicking the button beside the chart views.
2. Use the star in the top right corner to view all your saved ideas.
3. If the idea has expired, we'll let you know.

## Want a closer look?

Click the symbol to enlarge the chart and get a more detailed view.  
Adjust the chart timeframe by dragging the highlighted area.

## Juno Markets

At Juno Markets we're passionate about offering you the best trading environment possible. Unlike other brokers, Juno Markets heavily invests into areas our clients don't see- deep liquidity sources from tier 1 banks and HFTs, server hosting at top global data centers, and CDNs to ensure optimal trading connectivity regardless of where our clients are located.
